March 23, 2020

Daily Operations

The “Stay at Home” order has been issued by the Core4 Partners (City of Kansas City, Missouri, Kansas City, Kansas, Unified Government of Wyandotte County and Johnson County, Kansas) along with Clay and Platte Counties in Missouri and will take effect at 12:01am on Tuesday March 24, 2020.

As Construction has been labeled as essential, we will continue working to keep other essential businesses running and assist with any repairs needed as they arise. At this time each current project will be proceed or be halted at the Client’s discretion.

We will continue to follow all recommendations of the CDC and area Health Departments regarding Infection Prevention Measures to keep our employees and clients safe.

Our suppliers are all operational with adjustments in their pickup/delivery procedures which may cause a minor delay in obtaining materials for projects. If there should be a delay of materials that will affect a project our project manager will contact you and discuss how best to proceed.

Due to the fluidity of this situation we will continue to monitor all City and County directives and keep the lines of communication open with all clients.

If you have any questions regarding an existing or possible project, please contact us as we are happy to discuss this with you.

We will do all that we can to meet your construction and service needs in this challenging time.

Sincerely,

A handwritten signature in black ink that reads "Jason McDowell".
